OPERATIONS OF THE NEW YORK STOCK MARKET.

Situation of Tobacco at Richmond and other Important Centres—Quotations of the New York and Liverpool Cotton Markets—Provisions and Grain.

New York, July 9.—Money closed at 2 per cent., the highest point; the lowest 1½. Exchange closed steady; posted rates, 48¢4 for sixty days and 48½¢ for demand; actual rates, 48¢4/48¢5 for sixty days, and 48½¢/48¢4 for demand. Governments closed steady; currency, 63, 110; 4¢, coupon, 115 bid; 4½¢ do.

The bears made a raid on a number of stocks this morning, notably in Boston, Louisville and St. Louis. Paul and Union Pacific, Louisville prices were lower on all these stocks, and there was no support apparent in the market. Sale of Burlington and Quincy bore every sign of simple bear manipulation, even the sale being a device of trade. The market seems to have reached a point where the market is being brought into line by the Bank of England's million balance, by its regular weekly report of the day shows a decrease of the week of 1,963,800 pounds. Surplus reserve decreased 1,25,000 pounds, and the amount of reserve decreased 1,000 per cent. since last week. The gold holdings of the banks now are as follows, as compared with a year ago: 1890, 27,000,257 pounds; 1890, 28,000,257 pounds. The decrease in the Bank of England's balance during the week is due wholly to the anticipated export of gold to Russia. The shipment indeed was considerably larger than was received from Australia, and some of our own recent exports must by this time be on hand in London. There is \$10,000,000 more of our gold coming to hand in the next half of which will be in the hands of the Bank a week from Tuesday, and the other half before the Fins last Friday. This species, together with other gold now on the way from Australia, and the already large surplus reserve in the Bank of England, will provide for the anticipated return on Russian account. At present there were 10 to 15 per cent. lower than yesterday. The market was more active and easier, and the other half of which was very quiet. The news from the banks speak of continued activity in drilling the use of explosives and setting of rigs. August, opened, 67½¢; highest, 67¾¢; lowest, 67½¢; closing, 67½¢.
